

WILGAROON JESTER (P)

Wilgaroon Jester (P) is by Waco Knight (P) and from a large framed, docile Beaumon daughter, Wilgaroon E17. E17 had 6 calves to date, 5 classified. Jester (P) was a stand out calf as a youngster and at 12 months of age he weighted 584 kilos with a daily weight gain of 1.51 kilos. Jester (P) was Senior and Grand Champion Bull at the 2004 Brisbane Exhibition at 21.5 months of age and he recorded a weight of 1004 kilos and an EMA of 130 sq/cm. A son, Warenda Sahara (P), was sold to Yugilbar for the Australian Record Price of \$80,000.

WILGAROON KOKODA (P)

Kokoda is our leading son by Warenda Mexico (P) and out of Murrumbo Sapphire 1310/1 (P), Murrumbo Beaumon's (P) Dam. He is a large framed bull with a very neat sheath, good length of body and wide topline. His dam has had 16 calves, 11 classified and 4 ET calves to present. She is still in production as an ET cow at the age of 17½ years. He was purchased at our Reduction Sale for \$10,000 by S. Kidman & Co.

WARENDA MEXICO (P)

Warenda Mexico (P) is by Wave Hill Major (P) sold for \$44,000 to the Strathmore Stud. His dam is from a valued female line in our stud going back to Warenda Bitton. Mexico (P) was a standout calf on his dam, he had a weight of 366 kilos and a DWG of 1.55 kilos when weighed at the age of 7 months. He was joined successfully as a yearling to commercial heifers and at 23 months he had a weight of 810 kilo's and an EMA of 126 sq/cm. A steer by Mexico was in the 2004 RNA 100 day trial and won the RNA taste test. A daughter, Warenda Sunshine (P) was Reserve Junior Champion heifer at the 2006 Brisbane Exhibition and was the top price female at \$18,000 at our female sale.

WARENDA MAHOGANY (P)

Mahogany (P) was one of three Beaumon (P) sons retained in the stud. He is dark coloured with a tropical coat type, with good breed character and is well muscled. His temperament is faultless (as with all Beaumon progeny) and his own progeny display the same docile nature. His dam Warenda F57 was a highly fertile cow, she came forward with her calving each year from the age of 2 and had 8 calves, 5 classified.

WARENDA PETER PAN (P)

Warenda Peter Pan (P) is another good young sire by Murrumbo Beaumon (P). His dam Warenda L87 had 3 calves, 2 classified. He was retained for his slick coat type, muscle, tidy sheath, faultless temperament and maternal traits. He has excellent breed character which was another reason for retaining him. We feel he will pass this on to his female progeny.

WARENDA REQUIRE (PS)

Require (PS) was kept in 2006 for his sire appeal, thickness, smoothness, good structure and neat sheath. He has been used on heifers most years since and is a prolific worker. He is a very consistent producer and his sons have scanned very well for this years sale.

ROSEVALE QUILPIE W308

Quilpie was used for one season at Warenda. He is a big, athletic bull that worked his cow well. He displays excellent carcass being a trait leader for EMA and carcass weight and he has passed this onto his progeny. His IMF EBV ranks him as one of the top sires for this trait.
